SPECIAL RULES

Limit of two barrows or gilts per exhibitor for show and one for sale.

Prize money (Awards page 63).

- 3.a When weights are turned in to office, destination of market swine [if not in premium sale] must be declared *shipped or picked up*. Market swine not declared become the responsibility of exhibitors and will not be shipped.
- 3.b Class 4 will be divided by breed type after entries are tagged in. Hogs will be divided into the following classes based on entry cards: Berkshire, Crossbred, Hampshire, Duroc, Yorkshire, Black OPB (Poland and Spotted Swine), and White OPB (Chester and Landrace). Breeds will then be divided into classes by weight. If necessary, common weight hogs will be broken alphabetically to fill a class. After classes are posted you have 2 hours to make corrections. The only changes that will be made will be based on the cards. If the classes match what is on the card no changes will be made. All changes must be turned into the division superintendent by the Ag Teacher or 4-H Agent.
- The sale format will be determined on a percentage basis. The percentage will allow for a maximum of **115** head to be sold. The percentage sold of a breed will be determined by the number entered in that breed. The number sold per breed and the number of classes will be determined by the swine committee. The number sold per class will be posted by the swine committee with the class breakdown.
- 5.a Market swine exhibitors are required to turn in weight cards on their market swine to their Ag Teachers or 4-H Agent/Leaders by 10:30 am on Wednesday. These cards will then be transferred to the show office by the Ag Teachers and the 4-H Agent/Leaders by 11:00 a.m. Wednesday. Classification of swine breeds will be held as they enter the show ring. Hogs classed out will be moved to the corresponding cross weight class.
- 5.b Market swine show format: the Judge will evaluate each class of hogs and will select the hogs to be placed in the class. Hogs that are selected will be weighed prior to being placed. Those hogs that get selected by the Judge that do not weigh within a plus or minus 12 lb. weigh back on their weight card, will not be placed and will not be eligible to show. Other selected hogs will be moved up until the Judge for that particular class has reached the desired number of hogs. If you weigh out, you are out of the show. All under you will move up.
- Inferior quality animals will not be allowed to sell.

There will be no grooming of swine from 7:00 p.m. until after the Rodeo. Excessive noise prohibited.

ARRIVAL AND RELEASE TIME MARKET SWINE:

Market hogs may arrive Tuesday and must be in place by 7:00 a.m. Wednesday. All non-sale market animals that are going home must be removed from grounds by 8:00 p.m. Thursday.

ARRIVAL AND RELEASE TIME BREEDING SWINE:

Breeding animals must be in place by 6:30 a.m. Thursday. Weight cards for Breeding Swine must be turned in by 4:00 p.m. Wednesday and will have a 15 pound weigh back. The top 2 breeding swine that are selected will be weighed prior to being placed. Those breeding swine that get selected by the Judge that do not weigh within a plus or minus 15 lb. weigh back on their weight card will not be placed and will not be eligible to show. Random weigh backs will be at the discretion of the Swine Superintendent. All awards will be presented at show time. Breeding Swine will be released immediately after the show.

Gilts shown in breeding classes will not be eligible to be shown in market class.

The Division Superintendent will appoint a swine classification committee of no less than three members who will classify hogs. Animals not meeting major show breed classification guidelines for that particular breed according to a majority of the classification committee will show in the crossbred division.
